Invoicing for CT Scan / MRI

#2010 – 52

It has come to our attention that hospitals are invoicing more than one CT Scan or MRI with the same date of service, for workers who may have received multiple imaging on the same day.

Please be reminded that as per the Interprovincial Reciprocal Health Insurance Agreement, only one CT Scan (19795) or one MRI (19793) can be billed per hospital per day, regardless of the number of scan performed.

Please don't hesitate to contact us if you have any questions.
