

BC CSSE Achievement Recognition Awards Program

RECOGNIZING EXCELLENCE,
PROFESSIONALISM AND EXPERTISE
IN OCCUPATIONAL HEALTH AND SAFETY

The Canadian Society of Safety Engineering (CSSE) is a non-profit organization of safety practitioners. Our objective is to promote the arts and sciences of loss prevention for the conservation of people, equipment, material and the environment, and to encourage the pursuit of excellence in the profession.

Since 1989, the BC Yukon Region of the CSSE has recognized outstanding achievement by both individuals and organizations through the annual Achievement Recognition Awards program. Each year, after nominations are received, an awards committee selects the winners.

Individual Awards:

Nominations are accepted for individuals who have demonstrated exceptional leadership in the profession which resulted in a significant contribution to the workplace. You may nominate yourself or someone else in one of three categories:

Senior Safety Professional - CSSE member with more than 5 years safety experience

Novice Safety Professional - CSSE member with less than 5 years safety experience

Non-CSSE Safety Professional - safety professional who is not a CSSE member

Organization Awards:

Nominations are accepted for organizations, unions, teams, etc., who have succeeded in making a significant contribution in the workplace. You may nominate your own organization or group, or one that you are familiar with, in one of four categories:

1-50 employees or members

51 - 500 employees or members

over 500 employees or members

Safety Specific Non Profit Organizations

Special Awards:

CSSE in BC is proud to announce one new award for 2007. These awards are sponsored by WorkSafeBC to recognize excellence in the trucking industry:
