

“Slow Down” Simon Fraser Bridge

SLOW DOWN Our daddy works here

Euclid Tomlinson, Ironworker

With children Korbyn (3 years) and Teagan (1.5 years)

City of residence: Merritt, B.C.

A daily challenge for Euclid is pulling in and out of the worksite.

“There have been many near misses. Motorists are just not used to other vehicles turning where we do.”

SLOW DOWN Our mom works here

Lisa Takhar, Traffic Control Person

With children Avtar (10 years) and Angel (4 years)

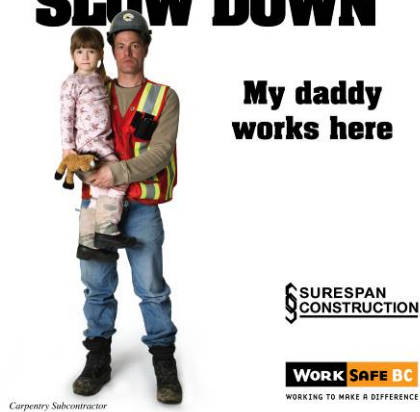

City of residence: Prince George, B.C.

For Lisa, excessive speed and driver inattention are the biggest on-the-job challenges.

“I and another girl were working on a curved road when a lady almost hit her.”

SLOW DOWN

My daddy works here

Dean Wood, Carpentry Subcontractor

With daughter Jordyn Wood (4 years)

City of residence: Prince George, B.C.

Dean has seen many motorists dangerously speed through the construction zone.

“Speeding through construction zones and unobservant drivers are hazards to workers and the public.”
