

NEWS UPDATE

MARCH 2011

Sometimes, smaller is **better**

Welcome to the new, easier-to read *News Update*.

In a recent WorkSafeBC phone survey, many of you told us you value the important information we've been providing — but would rather see it in a simpler, more sustainable format. Others prefer the ease of the Internet. In response, we've created this bookmark-sized bulletin to highlight the latest news on WorkSafeBC's rates, policies, and programs. For all the rest, including how to do business with us online, report your payroll, and make your payments, visit WorkSafeBC.com.

Check the OHS Regulation quickly with our new iPhone app

Get instant access to the Occupational Health and Safety Regulation — anytime, anywhere — through WorkSafeBC's new iPhone app. Employers who've road-tested the beta version of the app recently told us this new mobile resource deserves two thumbs up. To get the beta version, tap the App Store icon on your iPhone, search for "worksafebc," and download the app. A formal release of the iPhone app, along with the release of Android and Blackberry versions, will take place later in the year.

Go to WorkSafeBC.com to see the range of online services available to you.
