## PERSONAL OPTIONAL PROTECTION (POP) INSURANCE

### We've got you covered

#### And now you can choose the payment options you want

If you rely on Personal Optional Protection (POP) insurance to bid on contracts or get clearance letters, you'll be happy to know we've improved our product to make it easier for you to do business.

If you're a subcontractor, you understand how important clearance letters are for you to work in B.C. When you pay your POP premiums with your Employer Payroll and Contract Labour Report, you can earn clearance only until the end of the previous year. By switching to our prepayment plan, you may qualify for clearance until the end of the year. That means you can get down to business or receive funds from a payment holdback much sooner.

Similarly, if you're a prime contractor, you'll have the peace of mind of knowing you won't be responsible for subcontractors' premiums if they've prepaid POP and their accounts are in good standing.

While all new POP policy holders will be required to prepay their insurance as of February, current policy holders have the option of switching. If you'd like to switch, go to **WorkSafebc.com** and select Pay Premiums and Report Payroll. If you've already signed up for our secured online services, log in with your user ID and select Personal Optional Protection on the left-hand side of the screen. If you haven't yet signed up, select Sign up and follow the instructions on the screen.

Once you've signed up, you can take advantage of a range of online services and pay by credit card, e-banking, pre-authorized payments, or direct debit. Or, if you prefer, you can continue to pay by cheque or money order, at the bank or by mail.

For more information, visit **WorkSafebc.com**.

## Win one of 50 Palm Pilots!

**It's easy! All you have to do is use our online system or automated telephone system\* to report your payroll or pay your premiums, and you'll automatically be entered to win.**

**What's the advantage of reporting and paying electronically?**

***It's fast! It's easy! It's convenient!  
And it's available 24/7.***

But don't take our word for it. Try it. You'll save time, eliminate paperwork, and you just might win a Palm Pilot to boot.

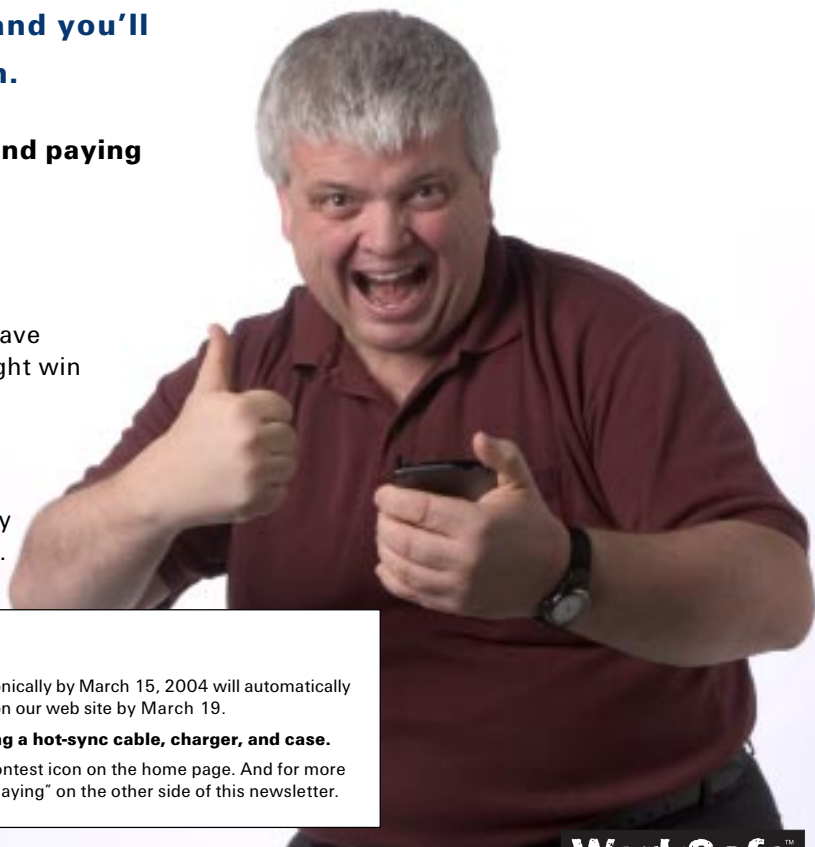

\*Our online system is available now at **WorkSafebc.com**. The automated telephone system will be available at the end of January at 604 244-6181, toll-free at 1 888 922-2768.

### Contest Rules

Everyone who reports their payroll or pays their premiums electronically by March 15, 2004 will automatically be entered. Winners will be drawn on March 16 and announced on our web site by March 19.

**The prizes: 50 Tungsten™ E Handheld Palm Pilots including a hot-sync cable, charger, and case.**

For contest details, go to **WorkSafebc.com** and look for the contest icon on the home page. And for more information about our automated systems, see "Reporting and paying" on the other side of this newsletter.

**Remember, your 2003 payroll report is due early in 2004, so don't delay!**

## Reporting and paying — more choices than ever before

We recognize that people like to do business in different ways. That's why we're expanding the range of options available for reporting your payroll and paying your insurance premiums. Soon, you'll be able to conduct business with the WCB using an automated telephone system as well as online, at your bank, in person, or by mail or fax. It all depends on your preference.

### The online option

If you're comfortable with the Internet, the Online Reporting and Remitting application at **WorkSafebc.com** may be right for you. This option allows you to report your payroll and pay your premium quickly and easily any time of the day, from any computer with Internet access, all in about six minutes or less. Pay by credit card or direct debit, or use Internet or telephone banking — the choice is yours.

There are additional benefits to conducting your business online. If you pay your premium in installments, for instance, you'll be eligible to receive three months of clearance in advance. If you prepay your premium for the whole year, you'll receive clearance until the end of the year. With clearances so readily available, you may have an advantage when bidding on a contract or be in a better position to receive a

holdback from a contractor.

To enjoy these benefits, you need to set up an installment plan or prepayment plan for worker coverage by April 15.

### By phone

If the Internet isn't your medium, perhaps our automated telephone system will meet your needs. This option allows you to report your payroll, pay your premium, and check your account balance, 24 hours a day, seven days a week. You can also use it to register your firm or obtain clearance letters.

Most features of this system will be available by the end of January, by calling 604 244-6181, toll-free at 1 888 922-2768.

### By mail or in person

If you prefer more traditional methods of reporting and remitting, you can return your Employer Payroll and Contract Labour Report to us by fax or mail and pay your premium by cheque — in person at any WCB office, at your bank, or by mail.

So boot up and go to **WorkSafebc.com**, pick up the phone, visit, mail, or fax us. We want to make it easy and convenient to report your payroll and pay your premium, in whatever way you choose.

## Maximum wage rate set to increase

The maximum wage rate and the maximum coverage for Personal Optional Protection (POP) insurance are increasing effective January 1, 2004.

The maximum wage rate — that is, the maximum insurable earnings per worker for the year — will increase from \$60,100 to \$60,700, while the maximum allowable

POP coverage will go from \$5,008 to \$5,058 per month.

When completing your annual payroll report, be sure to check the maximum wage rate for the reporting year at **WorkSafebc.com** or on Line "1" of your report.

## It's the law

Employers are reminded that it's against the law to charge workers for WCB premiums. Section 14 of the *Workers Compensation Act* prohibits employers from charging workers, either directly or indirectly, for any portion of their premiums.

Employers who do charge workers are breaking the law and must reimburse the worker for the total amount charged. If an employer refuses to reimburse the worker, the worker can sue the employer to recover the money.

## New resources available online

### Ceiling Lift Resources

This Internet resource is for health care professionals who deal with overhead patient hoists and ceiling lifts. From

planning and installation to training staff and tracking results, this best practices guide is designed to help you select, install, and safely use overhead patient lift devices. It is available at <http://healthcare.healthandsafetycentre.org/s/ceilingliftresources.asp>.

### Health & Safety Guide for New Retail Workers

The Retail Council of Canada, Retail BC, and the WCB have joined forces to create a practical, down-to-earth guide for new workers in the retail industry. The 32-page booklet, designed to increase awareness about occupational health and safety in the retail sector, provides straightforward safety tips and guidelines. To access an online version, visit the WCB's Health and Safety Centre at <http://smallbusiness.healthandsafetycentre.org/s/SafetyforBusiness.asp>. To order a hard copy, call Retail BC at 604 736-0368.

## Print it, post it

Do you need safety signs or stickers for your workplace? If so, you may want to visit our new online signs and stickers search engine at <http://publications.healthandsafetycentre.org/s/stickers-index.asp>. You can search the database by keyword or browse by industry or topic, then simply print the items you need, when you need them. It's fast, easy, and convenient.

# Access

Access is published quarterly by the Communications Services Department of the Workers' Compensation Board of B.C.

This newsletter is also available electronically on the WCB web site at [www.WorkSafebc.com/publications/newsletters/access/](http://www.WorkSafebc.com/publications/newsletters/access/).
