

SUMMARY OF AMENDMENTS TO THE *PREVENTION MANUAL*

TABLE OF CONTENTS

The table of contents has been updated to reflect the incorporation of the consolidated policies listed below. These policies have been consolidated from the *Policy and Procedure Manual* into the *Prevention Manual* effective April 1, 2001. These policies are not new “policies”. They continue to substantive requirements for each *Policy and Procedure Manual* policy, as those requirements existed prior to April 1, 2001, with any wording changes necessary to reflect legislative and regulatory changes since the policy in the *Policy and Procedure Manual* was issued.

CONSOLIDATED POLICIES EFFECTIVE APRIL 1, 2001:

| | |
|---|--|
| Division 10 D10-172-1 | Accident Reporting and Investigation Immediate Notice of Certain Accidents (Major Release of Hazardous Substance) |
| Part 2 R2.2-1 | Application General Duty (“Undue Risk”) |
| Part 4 R4.43-1 | General Conditions Storing and Handling Materials - Stacking Materials (Steel Pallet Racks) |
| Part 5 R5.54-1 | Chemical and Biological Substances Controlling Exposure - Exposure Control Plan |
| Part 8 R8.10-1 R8.11-1 R8.21-1 R8.22-1 | Personal Protective Clothing and Equipment General Requirements - Personal Clothing and Accessories Safety Headgear - General Requirements Limb and Body Protection - Leg Protection Footwear - General Requirement |
| Part 10 R10.3-1 | De-Energization and Lockout When Lockout Required (Automatic J-Bar Sorting Systems) |
| Part 12 R12.2-1 R12.56-1 | Tools, Machinery and Equipment General Requirements - Safeguarding Requirement (During Use of Dynamometer) Powder Actuated Tools - Tool Use (Non-Interchangeability of Fasteners and Cartridges) |

| | |
|----------------|--|
| Part 13 | Ladders, Scaffolds and Temporary Work Platforms |
| R13.13-1 | Ladders - Special Purpose Ladders (Manholes or Wells) |
| R13.21-1 | Scaffolds - Guardrails and Toeboards |
| R13.93-1 | Work Platforms Supported by a Crane or Hoist - Standards (Suspended Work Platforms) |
| R13.129-1 | Swing Stages - Prior Permission |
| R13.159-1 | Suspended Powered Platforms - Permanent Powered Platforms (Use of Permanent Powered Platforms) |
| | |
| Part 14 | Cranes and Hoists |
| R14.5-1 | General Requirements - Rated Capacity Indicator (Bridge Cranes) |
| | |
| Part 16 | Mobile Equipment |
| R16.3-1 | General Requirements - Operation and Maintenance (Welding of Forks on Forklift Trucks) |
| R16.3-2 | General Requirements - Operation and Maintenance (Fuel Tank Filler and Vent Outlet Locations) |
| R16.21-1 | Guards - Protective Structures (Hydraulic Excavators) |
| R16.22-1 | Guards - Rollover Protective Structures (Pipe Layers or Side Boom Tractors) |
| R16.24-1 | Guards - ROPS Certification (Sweep Arms) |
| | |
| Part 17 | Transportation of Workers |
| R17.12-1 | Crew Cars, Buses and Crummies - Seating Design |
| R17.13-1 | Crew Cars, Buses and Crummies - Seating Capacity |
| | |
| Part 19 | Electrical Safety |
| R19.25-1 | Working Close to Energized High Voltage - Equipment and Conductors - Assurance in Writing |
| R19.30-1 | Tree Pruning and Falling Near Energized Conductors - Preliminary Inspection |
| | |
| Part 20 | Construction, Excavation and Demolition |
| R20.17-1 | Concrete Formwork and Falsework - Specifications and Plans |
| R20.26-1 | Concrete Formwork and Falsework - Inspections |
| R20.40-1 | Concrete Pumping - Outriggers |
| R20.72-1 | Open Web Joists and Trusses - Erection Instructions (All-Wood Plate-Connected Open Web Trusses) |
| | |
| Part 24 | Diving, Fishing and Other Marine Operations |
| R24.7-1 | Diving Operations - General Requirements (Variances) |

Part 26

R26.11-1

Forestry Operations

General Requirements - Dangerous Trees (Removal Prior to Silviculture Activities)

R26.79-1

Roads and Road Maintenance - Haul Road Standards (Maintenance of Forest Roads)

R26.86-1

Water Operations - Boat Equipment (Towline Guards and OPS for Boom Boats)

Part 30

R30.8-1

Laboratories

General Requirements - Fume Hoods (Ventilation Systems)

Part 31

R31.10-1

Firefighting

Personal Protective Clothing and Equipment - General Requirements - Volunteer Firefighters

LIST OF POLICIES RETIRED FROM *POLICY AND PROCEDURE MANUAL*

The following policies that relate to the former Industrial Health and Safety Regulations have been "retired" from the *Policy and Prevention Manual*, as of April 1, 2001.

| POLICY NO | POLICY TITLE |
|-------------|---|
| 2.04 | Use of IH&S Regulation 2.04 |
| 4.02(3) | IH&S Program Requirements for Small Operations |
| 6.02(c) | Major Release of a Hazardous Substance |
| 8.58 | Height to Base Ratio of Steel Pallet Racks |
| 8.70 | Permitted Variation in Guardrail Height |
| 11.02 | Variance from the Regulations During Diving Operations |
| 13.01-1 | Use of Indicator Tubes |
| 13.01(6) | Biological Monitoring Programs |
| 14.02 | Removal of Clothing During Warm Weather |
| 14.04(2) | Leg Protective Devices |
| 14.08 | Protective Footwear |
| 14.12(3)-2 | Safety Headgear Standards |
| 21.10(3) | Non-Interchangeability of Powder Actuated Tool (Pat) Fasteners & Cartridges |
| 24.04(1) | When Assurance in Writing is not Required |
| 24.06(1) | Energized Conductors – Alternative Precautions |
| 24.08(1) | Preliminary Inspection by a Qualified Person |
| 25.01 | Wheel Chocks on Automotive Hoists |
| 26.02-1 | Forklift Trucks – Welding of Forks |
| 26.02-2 | Safeguards During Use of a Dynamometer |
| 26.02-3 | Fuel Tank Filler and Vent Outlet Locations |
| 26.02-4 | Concrete Pump Trucks – Deployment of Outriggers |
| 26.16(1) | Hydraulic Excavators Pioneering on Steep Side Hills |
| 26.16(2)-2 | Damaged Rollover Protective Structures (ROPS) Canopy “Sweep Arms” |
| 26.16(3)(b) | Rollover Protective Structures (ROPS) on Pipe Layers |
| 28.12(1) | Worker Transportation Vehicle Requirements |
| 30.14 | Distance to the First Ladder Rung in Manholes or Wells |

| POLICY NO | POLICY TITLE |
|------------------|--|
| 32.08(1) | Guardrails on "End Frame" Scaffolds |
| 32.38(3) | Granting Prior Permission |
| 32.60 | Roof Car Requirements |
| 32.60A-1 | Suspended Work Platforms |
| 32.60A-2 | Powered Hoists and Winches for Lifting People |
| 32.60(5) | Use of Permanent Powered Platforms |
| 34.28(6) | Ensuring Complete Concrete Formwork and Falsework Documents |
| 34.28(17) | Inspection Requirements for Concrete Formwork |
| 34.42-1 | Erection of All-Wood Plate-Connected Open-Web Trusses |
| 56.04(2) | Marking the Safe Working Loads on Bridge Cranes |
| 60.14 | Snag Removal Prior to Silviculture Activities |
| 60.14-1 | Snag Removal Prior to Silviculture Activities |
| 60.226 | Maintenance of Forest Roads |
| 60.260(6)&(7) | Towline Guards and Operator Protective Structures (OPS) for Boom Boats |
| 62.60 | Worker Entry into Automatic J-Bar Sorting Systems |
| 68.04 | Volunteer Fire Departments |
| 76.05 | Laboratory Fume Hood Ventilation Systems |

As of April 1, 2001, they are no longer "published policy". However, their status as "policy" or "published policy" prior to April 1, 2001, remains unchanged. They remain applicable in decision-making on historical issues to the extent they were applicable prior to April 1, 2001.
