

LIST OF POLICIES RETIRED FROM *POLICY AND PROCEDURE MANUAL*

The following policies have been "retired" from the *Policy and Prevention Manual*, as of August 1, 2001.

POLICY NO.	POLICY TITLE
14.23(2)-1	Interchanging Air Cylinders on Self Contained Breathing Apparatus
14.23(2)-2	Interchanging Air Lines on Respirators
17.12(1)(d)	Storage of Compressed Gas Cylinders
32.10(4)	Manufactured Aluminum Scaffold Planks
40.01(c)	Requirements for Underground Workings
46.26	Storage of Ammonium Nitrate/Fuel Oil (AN/FO) Explosive Mixture
46.68	Abandoned Explosives
54.18(2)	Identification of Wire Rope Slings
56.04	Hoist Load Capacity Exceeding Hoist Support Structure Capacity
56.42(3)(a)	Prevention of Electrical Contacts by Tower Cranes
56.42(5)	Testing Load Limiting Devices on Tower Cranes
76.19	Vacuum Breaks for Laboratory Water Faucets
80.65	First Aid Competitions

As of August 1, 2001, they are no longer "published policy". However, their status as "policy" or "published policy" prior to August 1, 2001, remains unchanged. They remain applicable in decision-making on historical issues to the extent they were applicable prior to August 1, 2001.

SUMMARY OF AMENDMENTS TO THE *PREVENTION MANUAL*

TABLE OF CONTENTS

The table of contents has been updated to reflect the incorporation of the consolidated policies listed below. These policies have been consolidated from the *Policy and Procedure Manual* into the *Prevention Manual* effective August 1, 2001. These policies are not “new policies”. They continue to substantive requirements for each *Policy and Procedure Manual* policy, as those requirements existed prior to August 1, 2001, with any wording changes necessary to reflect legislative and regulatory changes since the policy in the *Policy and Procedure Manual* was issued.

CONSOLIDATED POLICIES EFFECTIVE AUGUST 1, 2001:

Division 2 D2-111-2	Board Mandate Zone First Aid Competitions
Part 8 R8.33-1	Personal Protective Clothing and Equipment Respiratory Protection - Selection (Interchanging Air Cylinders)
R8.33-2	Respiratory Protection - Selection (Interchanging Air Lines on Respirators)
Part 14 R14.11-1 R14.53-1	Cranes and Hoists General Requirements - Support Structure Equipment Operation - High Voltage Electrical Conductors
R14.81-1	Tower Cranes - Limit Devices
