(1) The 'number of claims' is the count of claims accepted for short term disability (STD) benefits, long term disability (LTD) benefits or survivor benefits in the period. Claims with only health care benefits are not included in the count.

(2) The 'claim costs' are expressed in thousands of dollars.

Table 15 Occupational Disease Data by Classification Unit (CU), by Median Age, by Gender; 1983-2007

CU	Number of claims 1983-1987	Number of claims 1988-1992	Number of claims 1993-1997	Number of claims 1998-2002	Number of claims 2003-2007	Number of claims 1983-2007	Number of claims 1983-2007 males	Number of claims 1983-2007 females	Median age 1983-2007	Days lost 1983-2007	Cost of claims 1983-2007 (\$000)

- (3) The 'claim costs' are the dollars of STD paid in the period plus the value of the LTD & survivor reserves and awards set up in the period (regardless of the year the claim was counted). The 'claim costs' exclude health care and rehabilitation cost.
- (4) The count and cost statistics have been adjusted for the effect of uncoded claims. The adjusted statistics are rounded and shown as whole numbers. These whole numbers will not necessarily add up to the row and column totals shown because the totals are rounded independently.
- (5) Some employers have been reclassified since their initial classification into a subsector. The above table reflects such changes as of the reclassification date, but not retroactively.
