(1) The claim counts are by year of injury, and include all claims for injury years 1999 through 2008 that were accepted for STD, LTD, or survivor benefits either in the year of injury or in the following year (until September 30, 2009 for 2008 injuries). Health-care-only claims are not included.

(2) Based on the methodology established by the Association of WCBs of Canada, the complete duration statistic is the total days lost per claim, including days lost in years beyond the year of injury.

(3) Uncoded claims have been proportionately allocated. The allocated counts have been rounded to whole numbers. Column and row totals have been rounded independently, so the columns and rows may not add up exactly to the totals shown.
