Re: Proposed Changes to OH&SR Part 18

Dear Ms. Burch,

PCL Constructors Westcoast Inc. wishes to express its concerns with the proposed changes to Part 18 of the regulations dated March 21<sup>st</sup>, 2006.

The earlier version (October 31<sup>st</sup>, 2005) was a much more practicable regulation change in that it recognized varying levels of risk and the ability to allow employer to provide adequate training under certain conditions. Such regulation that includes hazard level and the ability for employers to train in low hazard situation would be supported by PCL.

Respectfully,  
PCL CONSTRUCTORS WESTCOAST INC.

Vice President and District Manager
