Dear Sir/Madam:

RE: PROPOSED CHANGES TO REGULATIONS

On behalf of the membership of Communications, Energy, and Paperworkers Union of Canada, Tyee Local 686, I wish to advise you of our support for the brief of the B.C. Federation of Labour on the proposed changes. The health and safety of our membership and other workers, is directly linked to the regulations governing the industry they work in and the work they perform.

While I am not able to attend the public hearings, I believe that it is important for you to hear from workers on the front line of the shop floor. The B.C. Federation of Labour recognizes the importance of appropriate regulation for workers and industry and we fully endorse all of the recommendations made by the B.C. Federation of Labour on this matter.

Sincerely,

Dale Marcellus, President.
