part4 prepayment of gasoline

i fully support prepayment of fuel but only having it during certain hours is not addressing the drive-off situation as most service stations are already pre-pay at night. In my experiance as a service station operator most drive-offs occur during the busy times of day when the criminal feels you are most likely to have trouble watching them. These criminals leave the lot in a hurry and I have seen many a close call with unsuspecting motorists as the criminal tears off the lot! Let's enact a law that will keep ALL attendants, other customers and all citizens safe by requiring pre-pay 24 hours a day!

4. Please indicate your level of support of the proposed amendments:
generally agree
