To The Board of Directors of Worksafe BC.,

626

I am writing to you as a registered nurse. I agree with the latest proposals for Part 6- Substance Specific Requirements. My concern is that it is a long time prior to implementation (Jan'08, Oct'08). The proposal still lacks a provision to log medical sharp injuries. ~~And~~ And there was no consultation with joint safety committee or worker in selecting devices. Thank you for your consideration of this very important matter.

Sincerely,  
Cheryl Rogers
