## **RE: PROPOSED CHANGES TO WCB OCCUPATIONAL HEALTH AND SAFETY REGULATIONS**

Dear Sir:

I am writing in response to the proposed changes to the WCB regulations. As a contractor and small business man in the province of B.C., I find it increasingly difficult to carry out business and provide new innovative ideas to improve quality and performance with the current regulations. I believe these regulations can be modified and streamlined so there is flexibility for new innovative ideas without compromising the safety of the public or our workforce. I therefore am in favor of the currently proposed changes to reduce duplication of the regulations and to create more flexibility within the regulations.

I appreciate the opportunity to comment on these changes.

If you have any questions regarding the above, please do not hesitate to call.

Yours truly,  
**TRANSWEST ROOFING LTD.**

Don Schouten,  
General Manger
