"Worksafe Hearings"

Re: Pay before you pump; Working alone; Barriers in the Workplace.

To: Roberta Ellis - Chairperson of Hearing Panel.

My name is Florence Crellin, Grandmother of Grant DePatie. I'm taking the time to write this letter of support for regulations to improve working alone, and barriers in the work place. There is no reason to ignore the unsafe conditions, as the youth of this Province are our future. Also to protect the vulnerable newcomers of this Province. I strongly support 24/7 Pay Before you Pump, Province wide with no exceptions. I know that no human being can ever bring back my grandson, Grant DePatie, but you folks at Worksafe B.C. can see that these regulations are brought about.

I applaud your efforts and all others who have supported "Pay Before you Pump".

With "Thanks" + much appreciation

Grant DePatie's grandmother

Florence Crellin
