Comments:

I feel that it is a very good idea to put the tables currently in the guidelines back into the regulation to ensure that all employers meet the minimum standards in regards to first aid attendants and equipment.

This will assist companies in setting up their facilities and programs and bring others up to standard.

The communication aspect is also vital. The EHS Ambulance/auto launch helicopter program requires radio contact from the ground now so this will reinforce the system.

4. Please indicate your level of support of the proposed amendments:generally agree

5. If you agree or disagree with the proposed amendments, please provide reason(s):
