

Classification unit description

Massage Parlour, Steam Bath, or Massage Services (not elsewhere specified) Classification Unit: 761021	Sector: Service Sector
	Sub-sector: Accommodation, Food, and Leisure Services

Introduction to classification units

We group all firms into classification units based on the products produced, the services provided, and the processes, technology, or materials used. The base premium rate reflects the cost of compensation and prevention in the classification unit.

This classification unit description provides an overview of the classification unit for general guidance only. Firms are classified based on this, our classification policies, Rate and Classification List, and other relevant classification unit descriptions. The items listed below are examples only; they are intended to be illustrative (not exhaustive). Every example may not apply to every firm in the classification unit.

Description	This classification unit covers firms that operate steam baths and massage parlours that employ non-registered, non-licensed massage personnel. Also covered are escort service agencies.	
Establishment	Here are some examples of establishments covered by this classification unit: Massage parlour	
Services	Here are some examples of services that firms in this classification unit provide: <div> Escort services Steam room </div> <div> Massage services Turkish bath </div>	
Occupations	Here are some examples of key workers in this classification unit: <div>Escort</div> <div>Masseuse</div>	
General information	Where "not elsewhere specified" is indicated in the Classification Unit (CU) title, please note that the CU is intended to represent business activities that are not appropriately represented elsewhere in the classification system. It recognizes that the current collection of CU descriptions are not exhaustive and that product or service type; processes or equipment; and industry competition must also be considered when determining a best industry fit.	
Hazard rating assignment	Based on the nature and extent of the risks and hazards in this classification unit, firms in this classification unit are assigned a low hazard rating for the purpose of defining first aid-related requirements (i.e., the application of G3.16, First aid assessment, in the Occupational Health and Safety Regulation). This section of the Regulation specifies mandatory minimum levels of first aid, including what type of first aid kits, facilities, and equipment are required.	
When to contact us	Firms in this classification unit may also occasionally engage in other business activities. However, if they have a significant presence in any of the following industries, it may make sense for them to be assigned to another classification unit. 1) therapeutic massage clinics that employ licensed massage therapists (see CU 766012); or 2) beauty spas or salons that provide massage services (see CU 761014).	

Please contact us if you have any questions about this or anything else related to this classification unit description.
