Attention: Occupational Rehabilitation 2 (OR2) Providers

Subject: Staffing and Mentorship

This is to notify you that you will soon be receiving an amendment to your OR2 Agreement, effective February 8, 2017. Specifically, the following has been amended:

- Language has been added to Section 2.5.2, 2.5.3 and 2.5.4 under “Staffing Requirement”.
- Section 2.7 “Mentorship” has been deleted.

This amendment will reflect that mentorship arrangements will no longer be supported under the OR2 Agreement.

For those Providers who have staff working in OR2 under previously approved mentorship plans, these staff can continue to work in OR2 until their mentorship plan is completed.

If there are extenuating circumstances that result in the Provider being unable to meet the minimum staffing requirements as outlined in the OR2 Agreement, a written proposal to support an alternate staffing arrangement can be made to Health Care Services and these will be evaluated on an individual and exceptional basis only.
