

Ladder/Pump Jack Scaffolding

Safety Resources

Pump jack scaffolding requirements

This toolbox meeting guide describes the requirements for pump jack scaffolds.

Scaffolding Safety Checklist

Employers can use this checklist to help ensure that scaffolding has been erected properly and used in a safe manner.

Managing Safety from the Supervisor's Perspective

This InfoFlip is designed to help supervisors manage their responsibilities for the health and safety of their workers.

Construction Compliance: Field Officer Guide

This InfoFlip is primarily for WorkSafeBC officers to use as a guide during inspections, but employers, supervisors, and workers may also find the information useful to help them meet their health and safety responsibilities.

Health and safety responsibilities: Construction

This toolbox meeting guide outlines the health and safety responsibilities of workers, supervisors, and employers in construction.
