Policy Item R2.2-1

RE: Application - General Duty ("Undue Risk")

BACKGROUND

1. Explanatory Notes

Section 2.2 provides a general duty to carry out all work without undue risk.

2. The Regulation

Section 2.2:

Despite the absence of a specific requirement, all work must be carried out without undue risk of injury or occupational disease to any person.

POLICY

Section 2.2 allows an order to be issued requiring the elimination of undue risk to any worker from a hazardous work activity not covered by a specific section of the *Regulation*. Undue risk means a greater than normal probability continued exposure to the work, or working conditions, will result in injury or adverse health effect.

An order issued using section 2.2 must identify in the body of the order the condition causing undue risk.

If the requirements of a specific section of the *Regulation* applicable to another industry or the requirements of another regulatory agency could provide guidance for elimination of the undue risk, the order may quote and/or refer to the specific section or regulatory requirement.

Officers must promptly inform their manager when an order is issued using section 2.2.
